Amazon.com: Customer reviews: JavaScript? Weekend Crash Course
JavaScript Weekend Crash Course Steven W. Disbrow. Although I am fairly proficient with Javascript, I purchased this book because it used an online shopping cart as the basis of the lessons and I wanted the code to jumpstart a project. I did take the time to read the book on a coast-to-coast plane trip, so I got more out of it than just free code.

This is a crash course in JavaScript. It is intended for people who already have a bit of programming experience in other languages. This will hopefully give a basic idea of the most-commonly-used language features, but it is not indended to be a comprehensive guide. This guide was last updated in August 2016.
